

Sample route description for an HPMV higher mass permit application

Providing route details in the right format will help us process your HPMV higher mass permit application faster. Please list the routes you need as follows:

- Only list routes that you need **in addition** to the approved full HPMV routes.
See www.nzta.govt.nz/commercial-driving/high-productivity/full-hpmv-network-map/.
- List additional state highways separately from local roads.
- List local authority roads by council (even if you're not sure of the exact boundaries).
- Include destinations, for example truck stops, plants or ports.

Please have a look at the example below.

Example
