Certificate of Accuracy

Approved Vehicle Surveillance Equipment

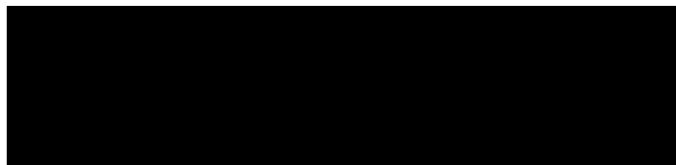

REDFLEXred radar NK7 red light/speed camera system and Site

Owner:	Auckland Transport
Location:	Te Atatu Road and McLeod Road Te Atatu South
Device Type	REDFLEXred-radar NK7 red light/speed camera system
Manufacturer:	Redflex Traffic Systems PTY Ltd
Camera Serial Number:	NZNK7LX-1117
Site Code:	S000118

I certify that I tested the "Approved Vehicle Surveillance Equipment" on the date below.

This device was tested on site. I certify the device correctly identified traffic signal phasing and that the trigger point was within the intersection boundary as defined by the painted limit line road marking. During this test the device did not trigger on green or amber phased signals. The road markings at the intersection were well maintained and clearly visible.

I, being a person duly authorised to certify Approved Vehicle Surveillance Equipment by the Director of Transport, certify, pursuant to section 146 of the Land Transport Act 1998, that the said device, being Approved Vehicle Surveillance Equipment, was tested on the date below and found to be accurate and functioning correctly.

Date of test: 15 August 2025

Date of Certificate Expiry: 14 August 2026
