

Maintenance Discharge Consent Annual Report: Jan-Dec 2017

Consent numbers: REG/2014/2140175, REG/20142140176
Report Date: 19 January 2018
Prepared by: Hugo Ormazabal. AHBA Delivery Manager
Reviewed by: Rowan Dixon. AHBA Environmental Consultant
Approved by: Jon Patman. AHBA Alliance Manager

This report summarises compliance with the Auckland Harbour Bridge maintenance programme consents REG/2014/2140175 & REG/20142140176 for the year 2017.

All works were undertaken in compliance with the consent conditions, and the requirements of the EMP.

A summary of the works undertaken under this consent in the current reporting period is provided in Attachment A. Compliance with thresholds and other controls is summarised below.

Compliance with discharge thresholds (see Attachment B)

	Total (kg)	'Threshold' (kg)	Comply?
Garnet discharged to coast	8660	14680	Yes
Zinc discharged to coast	31.8	223	Yes
'Paint' discharged to coast (incl. zinc)	148.4	646	Yes

Compliance with air controls

	Comply?	Details attached
Buffer zones	Yes	n/a
Wind speed and direction controls	Yes	n/a

Other compliance

	Incident/complaint?	Details attached
Environmental incidents	None	n/a
Noise complaints	None	n/a
Odour complaints	None	n/a

Summary of changes made through AMP

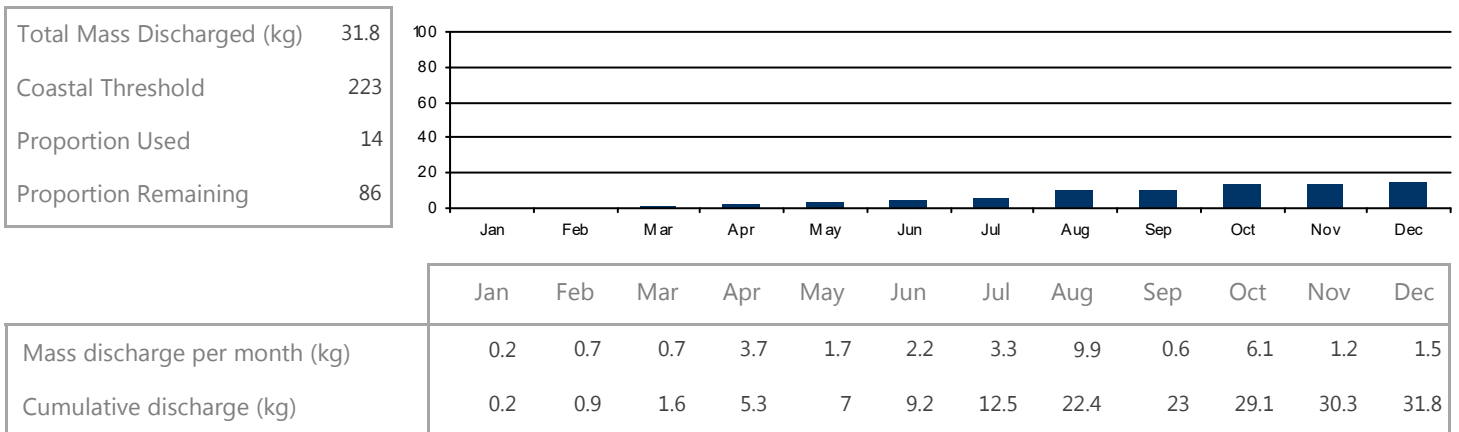

None to report
