**Resource Consent Application**  
(Pursuant to section 88 of the Resource Management Act 1991)

**Discharge Permit**  
**To discharge stormwater & sediment arising from**  
**earthworks to water and/or land**

(A separate application form is required for each consent being applied for)

**Important: Please read carefully before completing the form**

All applicants need to respond to all of the questions. If a particular section is not applicable to your application, please say so; do not leave the question blank. Questions may be answered in attached documentation if it is more convenient or insufficient space is provided on the form. If that is done, state specifically on the application form where the answer can be found (include page numbers if referring to a separate report).

If you have any questions relating to completion of this application form, please contact the Consents Department, Taranaki Regional Council on telephone (06)765-7127 or email [consents@trc.govt.nz](mailto:consents@trc.govt.nz).

**Lodge the application by signing below and sending the completed form to:**

**Mail:** Taranaki Regional Council, Private Bag 713, Stratford 4352.  
Attention: Consents Administration Officer

**Email:** [consents@trc.govt.nz](mailto:consents@trc.govt.nz) (if application is emailed please do not mail a hard copy unless requested to do so by the consents department.)

*If you have not received an email acknowledgement for this application within 5 working days (for new applications) or 10 working days (for renewals) please contact [consents@trc.govt.nz](mailto:consents@trc.govt.nz).*

Application is hereby made for the resource consent detailed in this form	
Signature of applicant or authorised agent: _____	
Name: <u>Caroline Horrox</u>	Date: <u>14/12/17</u>
Please print full name of person who signed above.	

# 1 Application Purpose

1.1. What is the purpose of this application?

New consent

*Note: If you are applying to change the conditions of your consent, do not complete this form. You will need to complete form 510 instead.*

# 2 Applicant Details

2.1. Applicant's name *(full name of proposed consent holder)*

**Please complete either (a), (b) or (c) to whom consent is to be issued.**

(a) Company NZ Transport Agency

*First Name* *Middle Name* *Surname*

(b) Individual(s) \_\_\_\_\_  
\_\_\_\_\_

(c) Trust/Partnership Name \_\_\_\_\_  
\_\_\_\_\_

If Trust/Partnership: Full names of Trustees/Partners:

*First Name* *Middle Name* *Surname*

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

2.2. Applicant's address for service *[not consultant's address]*

E-mail caroline.horrox@nzta.govt.nz

Postal NZ Transport Agency  
Level 5, Majestic Centre, 100 Willis Street, Wellington 6011

Phone \_\_\_\_\_ Mob. 0212263791

Name of person to contact regarding this application

Contact Person Caroline Horrox

Phone \_\_\_\_\_ Email. \_\_\_\_\_  
*(if different from 2.2)* *(if different from 2.2)*

2.3. Address for service (if different from above, i.e. consultant, lawyer, or other person handling application)

Contact Person Peter Roan

E-mail Peter.Roan@mtma.co.nz

Postal C/- Mt Messenger Alliance, Level 4, 180 Taranaki St, Wellington 6011

Phone \_\_\_\_\_ Mob. 021 333 745

**The Council will serve all formal documents electronically via the email address in 2.2 and 2.3 (if provided).**

### 3 Site Details

3.1 Will the discharge occur in the Coastal Marine Area. Yes  No

If 'yes' please contact consents Administration Staff at [consents@trc.govt.nz](mailto:consents@trc.govt.nz) to determine if you are required to seek comment from any Iwi Group under the Marine and Coastal Area (Takutai Moana) Act 2011 before lodging the application.

Further information can be found under the Additional Information section at: [www.trc.govt.nz/downloadable-consent-application-forms](http://www.trc.govt.nz/downloadable-consent-application-forms)

3.2 Name and address of owner or occupier at the site (if different from 2.1 and 2.2)

Multiple properties - see Appendix B of the AEE report.

Written approval of landowner(s) attached (See section 9) Yes  No

3.3 Location of activity (Including: Street/road name, number, and locality)

East of existing SH3 between Uruti and Ahititi. See drawing set in Volume 2.

3.4 Map Co-ordinates at point of discharge (either Longitude/Latitude or NZTM):

Multiple discharge points across extent of Project footprint.

\_\_\_\_\_ Longitude \_\_\_\_\_ Latitude OR  
\_\_\_\_\_ E \_\_\_\_\_ N (NZTM)

3.5 Legal description of property at site of activity (refer to land title or rates notice)

Multiple properties - see Appendix C of the AEE report.

3.6 Assessment/Valuation number of property (*refer to land title or rates notice*)

Multiple properties - see Appendix B of the AEE report.

---

3.7 If the discharge is to water, name the river or stream that the discharge goes to or for discharges to land the name of closest river or stream to the discharge site?

Mangapepeke Stream, Mimi River

---

## 4 Location Map

4.1 The application must include an aerial photograph or clear map showing the location of the proposed discharges.

*An aerial photograph of the site can be obtained free of charge from Taranaki Regional Explorer; <http://www.trc.govt.nz/taranaki-regional-xplorer>. Alternatively, contact the Consents Department at the Council and request an aerial photograph to be provided.*

Aerial photograph (or map) included

Please make sure the following is shown on your aerial photograph or map:

- Discharge points
- Area of proposed earthworks
- Local Roads
- Property boundaries
- Any other relevant features

## 5 Details of the Activity

5.1 If you have discussed this proposal with council staff, please give the person's name here:

Colin McLellan - Consents Manager

---

5.2 In your own words, briefly describe the project you are undertaking:

Construction of Mt Messenger Bypass, a new section of State Highway 3. See Section 1 of AEE report.

---

---

5.3 What is the purpose/reason for the proposed earthworks?

Construction of Mt Messenger Bypass.

---

---

5.4 How long do you anticipate taking to stabilise the site following completion of works?

See Section 5.13 of AEE report and Construction Water Management Plan in Volume 5.

---

5.5 What is the total area of soil disturbance to be undertaken? Up to approximately 40 ha

5.6 What is the maximum area of soil exposed at any one time *[if different from above]*?  
Unknown - works will be undertaken progressively.

5.7 What is the total volume of soil disturbed? 960,000m<sup>3</sup> of excavation, 890,000m<sup>3</sup> of filling.  
*(If work is to be done in stages please give details on separate sheet.)*

5.8 How many discharge points are proposed *[please show on map]* May be located anywhere in  
Project footprint.

5.9 Is the proposed discharge to water? Yes  No

5.10 Detail the location of discharge, potential flow path and its proximity [distance] to the nearest water course.

May occur anywhere within Project footprint.

---

---

---

---

---

---

---

---

5.11 How far downstream of the proposed works is the nearest property boundary *[please show on map]*? \_\_\_\_\_ metres  
Works take place across multiple properties.

5.12 How do you propose to ensure that dust generated from the works does not go beyond the property boundary?

See Section 10 of AEE report and Dust Management Plan in Volume 5 for mitigation measures.

---

---

---

---

---

---

---

---

## **Site sediment and erosion control**

*This application must include a Soil Erosion and Sediment Control Plan (SESCP) that gives full details of the measures proposed to ensure that sediment discharge to water and off-site effects of dust are avoided as far as practicable. The SESCO must include a plan of the site and detailed illustrations/descriptions for the construction, placement and management of sediment controls. It must also include the reasons why a particular control method is appropriate. For example, where a sediment pond is proposed accompanying information is expected to include pond dimensions, calculations showing the pond will work effectively, materials used, stabilisation methods used, other control methods within the pond and why these have been used over others (e.g. Floating T bars, Level spreading bars, Geotextile cloth on external wall to stop erosion, Goose neck pipes). For further information refer to "Guidelines for Earthworks in the Taranaki Region" at [www.trc.govt.nz/business-and-industry](http://www.trc.govt.nz/business-and-industry)*

5.13 Have you attached a site sediment and erosion control management plan?

Yes

5.14 Describe the maintenance programme for the treatment system undertaken to ensure that it continues to operate effectively.

See Construction Water Management Plan in Volume 5.

## 6 Works Timetable

6.1 How long will the work take? Approx 4 years. Days

6.2 Proposed date of work? Commence late 2018

6.3 Is any soil disturbance proposed between 1 May and 31 October?

No  Go to question 7.1

Yes  Go to question 6.4

6.4 The May to October period is when fish spawning and migration occurs and may be disrupted by sediment in the stream. If any soil disturbance is proposed during this period an assessment of the impact on fish migration and spawning will be required. Consultation and/or written approval may also be required from Fish & Game and/or Department of Conservation.

Assessment of impact on fish migration/spawning attached (see question 7.3)

Results of consultation attached (see question 9.2)

## 7 Assessment of Environmental Effects

*An assessment of environmental effects [AEE] in accordance with schedule 4 of the Resource Management Act 1991 must be provided with the application. The AEE detail must correspond to the scale of the effects that the activity may have on the environment.*

*Completing the AEE section of this form will be sufficient for most applications. However for activities with actual or potential effects that are significant, a separate comprehensive AEE report including specific investigations and a stormwater management plan may be required.*

Schedule 4 can be viewed under the Additional Information section at: [www.trc.govt.nz/downloadable-consent-application-forms](http://www.trc.govt.nz/downloadable-consent-application-forms)

7.1 Consideration of alternative methods of discharge, including discharging to another receiving environment.

A)  No alternatives considered. This is the only feasible option. Explain below if appropriate; or

B)  Provide a description of alternatives considered and the reasons for the option chosen

See Section 6 of AEE report and Consideration of Alternatives in Volume 4.

---

---

---

---

---

---

7.2 If soil disturbance is proposed in the winter period [1 May to 31 October] there may be an impact on fish spawning or migration if there is a stream/river nearby, particularly on the Taranaki Ring Plain or near a river estuary.

Could there be an effect on fish migration or spawning?

- A) No  Explain why not below
- B) Yes  Detail the effects and any mitigation proposed?

---

See Section 9.2.3 of AEE report and Freshwater Ecology Assessment report in Volume 3 (Technical Report 7b).

---

---

---

---

7.3 Describe the potential effects of the discharge on surface water with reference to water quality, clarity and instream aquatic life. Outline any mitigation measures proposed or refer to sediment control plan.

---

See Freshwater Ecology Assessment report in Volume 3 (Technical Report 7b) and Construction Water Management Plan in Volume 5.

---

---

---

---

7.4 Does the proposed discharge have the potential to affect any landowners immediately downstream of the point of discharge.

- No  Explain why not below
- Yes  Describe the effects and how they are mitigated

---

See Construction Water Management Plan in Volume 5.

---

---

---

---

---

---

## 8 Assessment of Part 2 matters and Policy

*An assessment of the activity against the matters set out in Part 2 of the RMA and against any relevant provisions of policy documents and regulations must be provided with the application. The assessment must be in sufficient detail to satisfy the purpose for which its required.*

*For most applications the brief assessment provided below will be adequate. However for activities with significant policy implications, or where a National Policy Statement is relevant, a specific more comprehensive assessment is likely to be required.*

The discharge of stormwater and sediment is a controlled activity, and therefore consistent with Part 2 and the Regional Freshwater Plan.

## 9 Consultation / Affected Parties

9.1 Please list the persons that you believe to have an interest in or that may be affected by the proposal.

Name	Address	Phone
<hr/> <u>See Section 7 of AEE for details of stakeholder consultation.</u>		
<hr/>		
<hr/>		

9.2 Detail the consultation undertaken with any interested/affected parties, and the views of those consulted. Attach correspondence if appropriate. The consultation undertaken and the information provided is to aid the Council in determining who may be adversely affected by the proposal.

---

---

---

---

*Please note: Council may determine that your application is to be notified. But generally it will be non-notified if there are no more than minor adverse effects beyond the adjacent land, and if written approval is obtained from all those people who are likely to be adversely affected in a minor or more than minor way. Council will determine who are likely to be adversely affected and you will have the option of obtaining their written approval so that your application can be non-notified.*

**Important Note:**

**If you are not the landowner at the site of the discharge, the landowner(s) written approval will be required. If they are not included with the application it will be lodged as a draft. Formal acceptance will occur when all written approvals are provided or the applicant requests limited notification.**

## 10 Other Consents Required

10.1 What consents are required from other authorities for the proposed activity?

None

Consent Required	Authority	Applied for?	
<u>Notice of Requirement and resource consent - New Plymouth District Council</u>		Yes <input checked="" type="checkbox"/>	No <input type="checkbox"/>
<u>(See Section 2 of AEE for summary of non-RMA approvals required)</u>		Yes <input type="checkbox"/>	No <input type="checkbox"/>
_____	_____	Yes <input type="checkbox"/>	No <input type="checkbox"/>

10.2 What other consents are required from the Taranaki Regional Council for the proposed activity? A separate application form for each activity must be completed.

None

Consent Required	Applied for?	
<u>See Section 2 of AEE for summary</u>	Yes <input checked="" type="checkbox"/>	No <input type="checkbox"/>
_____	Yes <input type="checkbox"/>	No <input type="checkbox"/>

## 11 Draft report and conditions

11.1 Do you wish to review and make comment on a draft report and recommendation [including consent conditions] before any consent is issued?

Yes  No

*If you answered 'Yes' please consider agreeing to a timeframe extension [See section 12 below.]*

## 12 Processing Timeframes

*The RMA specifies timeframes for processing resource consent applications, [for example 20 working days for a non-notified application], however these timeframes can be extended with the applicant's agreement.*

12.1 Do you agree to the Taranaki Regional Council extending the RMA consent processing timeframe?

- Yes, provided that the extension is for the specific purpose of discussing and trying to agree on consent conditions.
- Yes, provided that the application process is completed before \_\_\_\_/\_\_\_\_/\_\_\_\_ [enter date]

## 13 Fees and charges

### 13.1 Non-notified initial deposit (including GST) – to discharge stormwater & sediment arising from earthworks to water and/or land

New/Renewal

\$1,196.00

The charge above is required when an application is submitted and is an **initial deposit** towards the final cost of processing the application. Processing of the application will begin when the deposit is received. The final cost of processing is based on actual and reasonable staff time and disbursements spent processing the application. The final cost (less the deposit) is invoiced at the end of the application process, but there may also be interim invoices during the process.

Where there is more than one application required for the same proposal, an initial deposit is required for each application.

If the consent is notified, a larger deposit will be required. We will advise if the application is to be notified.

Withdrawn applications will incur the cost for work done up to the date of withdrawal.

Applications returned due to inadequate information will incur the cost of work done in receiving the application, assessing the information and returning the application.

All collection costs incurred in the recovery of a debt will be added to the invoice amount due. Overdue invoices will incur an interest charge of 12% per annum.

Details of Council's charging policy are in its 2015/2025 Long-Term Plan.  
([www.trc.govt.nz/council/plans-and-reports/strategy-policy-and-plans](http://www.trc.govt.nz/council/plans-and-reports/strategy-policy-and-plans))

### 13.2 Payment Method for Initial Deposit

- Cheque made payable to Taranaki Regional Council (to be lodged with application documents)
- Cash/Eftpos (to be made at Taranaki Regional Council offices, 47 Cloten Rd, Stratford)
- Credit card payment made via Online Services at <https://onlineservices.trc.govt.nz>
- Internet Banking to the credit of Taranaki Regional Council (see below)

**If paying online, please ensure you complete the payment box below to enable us to correctly identify your payment.**

*Please note an invoice/receipt for the deposit will be issued shortly after payment has been received.*

**PAYMENT BOX FOR APPLICANT TO COMPLETE WHEN PAYING ONLINE**

Payer Code – your unique identifier for you to assign (ie. road name or river where activity is occurring, or consent no if known, etc)

Payer Reference – Company Name or Surname of applicant

13.3 Invoicing details: (where to send the invoice for this consent application)

Applicant  or Consultant

13.4 Is the Council required to quote a purchase order number on future invoices for this application?

Yes  Order Number:

No

**Official information**

The information you provide with your application is official information. It is used to help process your resource consent application and assess the impact of your activity on the environment and other people.

Your information is held and administered by the Taranaki Regional Council in accordance with the Local Government Official Information and Meetings Act 1987 and the Privacy Act 1993. This means that your information may be disclosed to other people who request it in accordance with the terms of these Acts. It is therefore important you let us know if your application includes trade secrets, commercially sensitive material or any other information you consider should not be disclosed.

**Please lodge the application by signing the front page and sending the completed form to:**

**Mail:** Taranaki Regional Council, Private Bag 713, Stratford 4352.  
Attention: Consents Administration Officer

**Email:** [consents@trc.govt.nz](mailto:consents@trc.govt.nz) (if application is emailed please do not mail a hard copy unless requested to do so by the consents department.)
