or email [c2p@nzta.govt.nz](mailto:c2p@nzta.govt.nz)

## Short-term safety improvements

Tell us what you think of our designs for safety improvements on SH1:

- Installing more flexible median barriers and associated turnarounds
- A roundabout at Karapiro Rd/SH1 intersection
- Improving safety at other intersections
- Safety improvement plans for SH29

## Longer term project

See the latest on the long-term plans for the expressway between Cambridge and Piarere.

## Walking and cycling

View the four long-term routes identified as options for walking and cycling from Cambridge to Piarere.

## SH1/29 intersection improvement

Find out the latest on the SH1/SH29 intersection improvement project

## Maintenance

Chat with our maintenance experts on the big plans for maintenance this summer, and learn all about what, when and where.

	Installed flexible median barrier		Flexible median barrier to be installed December 2022 and early 2023		Proposed flexible median barrier		Proposed turn around facility		Proposed roundabout		Left in/left out only
