

EMERGING PREFERRED CORRIDOR November 2020

FOR PUBLIC ENGAGEMENT PURPOSES ONLY
DETAILS SUBJECT TO CHANGE

-  This dotted line shows the extent of corridor under investigation for the four-lane highway and separated walking and cycling path. The width of the emerging preferred corridor shown will be refined once the indicative alignment for the upgraded highway is confirmed.
-  This thick line shows an indicative location for the upgraded highway within the emerging preferred corridor. The location of the upgraded highway will be confirmed by mid-2021 through ground investigations, landowner consultation and further assessments. Once an indicative alignment is confirmed, an updated map showing the location of the four-lane highway and separated walking and cycling path will be published.
