

# SH75 Halswell Road Improvements - Night Works

<b>What</b>	We'll be working overnight
<b>Where</b>	On the citybound approach to the Halswell Road/Curletts Road intersection (about 65m)
<b>When</b>	Sunday 28 September 2025, for about a week, between 7pm and 6am. Our work is weather dependent and may need to be rescheduled to the following night(s).

## What are we doing?

From Sunday 28 September, for about a week, between 7pm and 6am, we'll be installing the new water main pipes in the citybound approach to the Halswell Road/Curletts Road intersection. This work is part of a wider effort to improve infrastructure in the area. This work will not affect water supply to any properties - you'll be able to use your facilities as usual. The work is being done at night when traffic volumes are lower to avoid congestion and disruption. It is also safer for our work crews and road users. **Please note - we will not work on Friday and Saturday nights.**

## Night works and what to expect

We know that night work is more disruptive to residents so we only do it when we have no other option to get the work done safely. When we work at night some noise from trucks, machinery and the crew is unavoidable. Our team will limit this as much as possible and we'll carry out the noisiest work early in the shift. The crews also need lights to see what they are working on so you may notice extra light in the area.

## Traffic and pedestrian impacts

During our work hours, traffic will be reduced to one lane through the citybound approach to the Halswell Road/Curletts Road intersection. Please look out for our staff and follow their instructions. Footpath access around our work site will be maintained. Please look out for changes in traffic management and follow signs on site. A 30km/h speed limit will be in place.

*We're sorry for any disruption and thank you for your patience.*
