

# SH75 Halswell Road Improvements

<b>What</b>	We'll be extending an existing temporary road closure
<b>Where</b>	Hendersons Road at the intersection with Halswell Road
<b>When</b>	Friday 16 May 2025, for about 2 weeks (including weekends)

## What are we doing?

Unfortunately, due to the recent wet weather, we need to continue work in the intersection for around another 2 weeks. Our work includes installing new kerb and channel, footpaths and building the new road. This work requires a full road closure during this time, as shown over the page.

## Traffic impacts

The current road closure will be extended on Friday 16 May for about another 2 weeks. There will be no access onto Hendersons Road from Halswell Road and vice versa during this time - please use the signposted detour routes via Monsaraz Boulevard/Manarola Road.

Our friendly staff on site can assist with any queries. Footpath access around our work site will be maintained. A temporary 30km/h speed limit will be in place where we are working so we can keep our workers and everyone safe.

*Please note: access for emergency services will be provided if required.*

## Driveway access

Access to properties and businesses will be maintained. However, we may need to work in front of driveways from time to time. We'll try to give you plenty of notice of this. However, if you need to get into or out of your property or business and we're in the way, please just talk to one of our friendly staff and we'll make sure you can use your driveway.

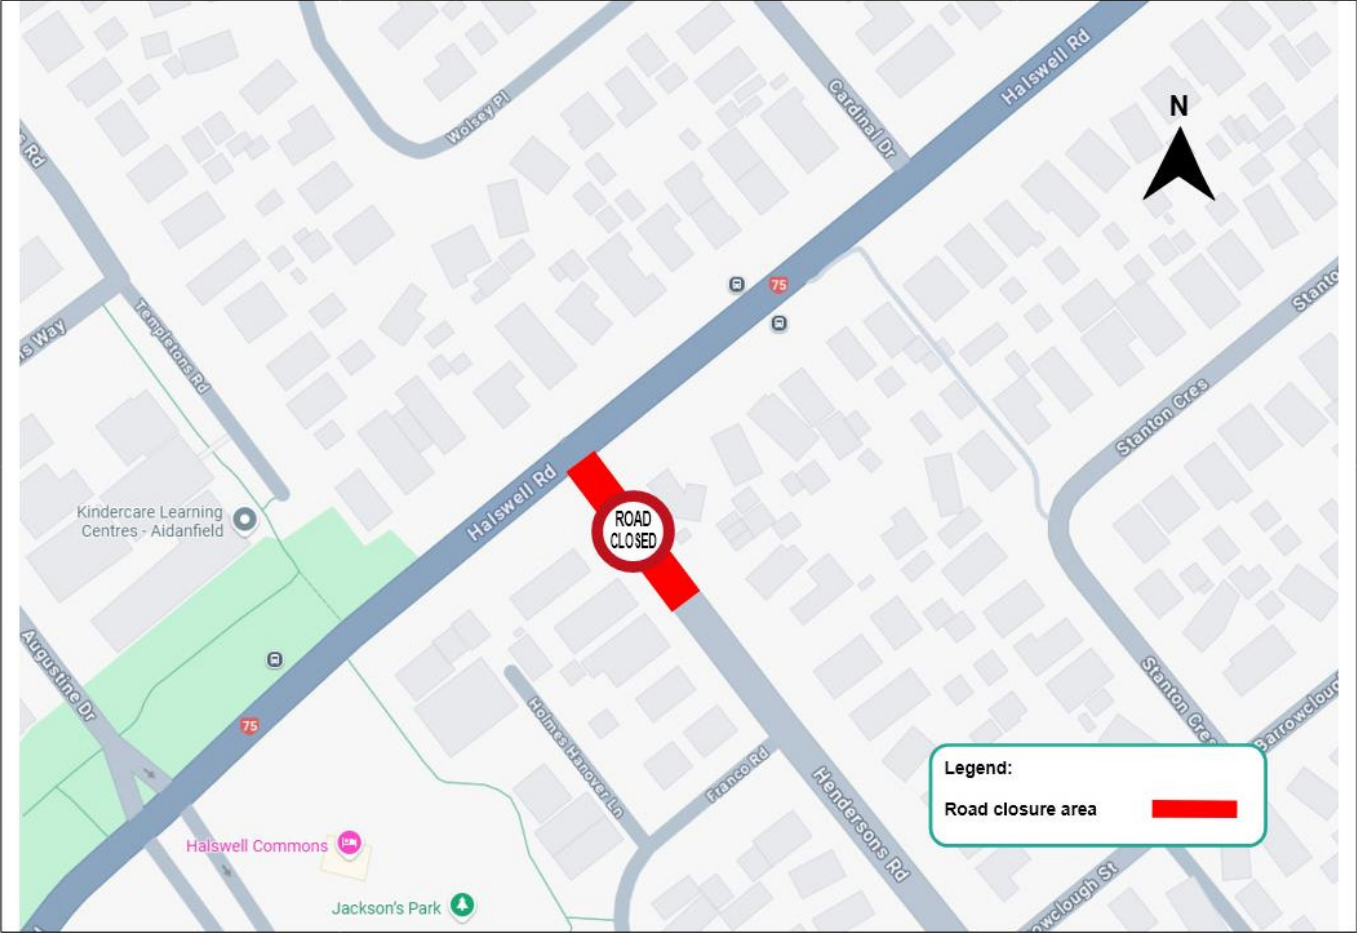

***We're sorry for any disruption and thank you for your continued patience.***

## CAN WE HELP?

Please contact Fulton Hogan on 0800 ROAD FH (0800 7623 34) Monday to Friday, 8am - 5pm, or email [cant.info@fultonhogan.com](mailto:cant.info@fultonhogan.com) to discuss any specific access needs such as nurse/doctor visits or Meals on Wheels deliveries to your property. Contact us at anytime if the matter is urgent.

Traffic management layout

We'll need to return at the end of the project to complete some finishing works such as final surfacing and linemarking. We'll update you, closer to the time, with what this will mean regarding traffic management in this area.
