

SH75 Halswell Road Improvements

What	We'll be temporarily installing a one way traffic management system
Where	Cardinal Drive, between Halswell Road and Wolsey Place
When	Monday 15 September 2025, for about 3 weeks

What are we doing?

From Monday 15 September, we'll be working on Cardinal Drive, between Halswell Road and Wolsey Place. Our works include installing new water main pipes and connecting to the new water main being installed on Halswell Road, as part of a wider effort to improve infrastructure in the area. We'll need to install a one way traffic management system while we do this work, as shown over the page. A full road closure will be needed in late October on Cardinal Drive at the intersection with Halswell Road - we'll let you know more about this closer to the time.

Traffic impacts

The one way traffic management system will be in place from Monday 15 September, for about 3 weeks. There will be no access onto Halswell Road from Cardinal Drive - please use the signposted detour routes via Augustine Drive.

Our friendly staff on site can assist with any queries. Footpath access around our work site will be maintained. A temporary 30km/h speed limit will be in place where we're working so we can keep our workers and everyone safe.

Access has been planned for and will be provided for emergency services during this time.

Driveway access

Access to properties and businesses will be maintained. However, we may need to work in front of driveways from time to time. We'll try to give you plenty of notice of this. However, if you need to get into or out of your property or business and we're in the way, please just talk to one of our friendly staff and we'll make sure you can use your driveway.

We're sorry for any disruption and thank you for your patience.

CAN WE HELP?

Please contact Fulton Hogan on 0800 ROAD FH (0800 7623 34) Monday to Friday, 8am - 5pm, or email cant.info@fultonhogan.com to discuss any specific access needs such as nurse/doctor visits or Meals on Wheels deliveries to your property. Contact us at anytime if the matter is urgent.

Traffic management layout

We'll need to return to continue with more work here in late October and will update you, closer to the time, with what this will mean regarding the road closure in this area.
