

# SH75 Halswell Road Improvements - Night Works

<b>What</b>	We'll be working overnight
<b>Where</b>	At the Dunbars Road/Halswell Road intersection
<b>When</b>	<p>Sunday 13 July, for about a week, between 7pm and 6am.</p> <p>We will not work on Friday and Saturday nights.</p> <p>Our work is weather dependent and may need to be rescheduled to the following night(s).</p>

## What are we doing?

From Sunday 13 July, for about a week, between 7pm and 6am, we'll be installing new traffic signal ducting in the Dunbars Road/Halswell Road intersection. The work is being undertaken at night when traffic volumes are lower to avoid congestion and disruption. It's also safer for our work crews and road users.

## Night works and what to expect

The crews need to see what they're working on so you may notice extra lighting in the area. There will be unavoidable noise from trucks, machinery and the crews. We know that night works are more disruptive to residents. Our team will limit this as much as possible. We'll aim to carry out the noisiest work early in the shift and we'll complete the work as quickly as we can.

## Traffic and pedestrian impacts

During our work hours, traffic will be reduced to one lane in each direction through the area we're working in. Temporary traffic lights may be used to manage traffic through the work area. Please look out for our staff and follow their instructions. Footpath access around our work site will be maintained. Also, please look out for changes in traffic management and follow signs on site. A 30km/h speed limit will be in place.

## Driveway access

Access to properties will be maintained. However, we may need to work in front of driveways from time to time. If you need to get into or out of your property and we're in the way, please just talk to one of our friendly staff and we'll make sure you can use your driveway.

*We're sorry for any disruption and thank you for your patience.*
