SH75 Halswell Road Improvements

What	We'll be temporarily closing a road
Where	Tankerville Road at the intersection with Halswell Road
When	<p>Wednesday 21 January 2026, for about 3 days. This work is weather dependent so our works may be extended if the forecast is poor.</p>

What are we doing?

From Wednesday 21 January, we'll be working on Tankerville Road at the intersection with Halswell Road. Our works include installing the centre median island and tactile pavers, to help people who are visually impaired, within the footpaths on Tankerville Road. This work has been scheduled for the school holidays when traffic volumes are lower and to reduce disruption.

Traffic impacts

The road closure will be in place from Wednesday 21 January for about 3 days. There will be no access onto Tankerville Road from Halswell Road and vice versa during this time - please use the signposted detour routes via Rowley Ave/Redgrave Street/Mathers Road.

Our friendly staff on site can assist with any queries. Footpath access around our work site will be maintained. A temporary 30km/h speed limit will be in place where we are working so we can keep our workers and everyone safe.

Please note: access for emergency services will be provided if required.

Driveway access

Access to properties and businesses will be maintained. However, we may need to work in front of driveways from time to time. We'll try to give you plenty of notice of this. However, if you need to get into or out of your property or business and we're in the way, please just talk to one of our friendly staff and we'll make sure you can use your driveway.

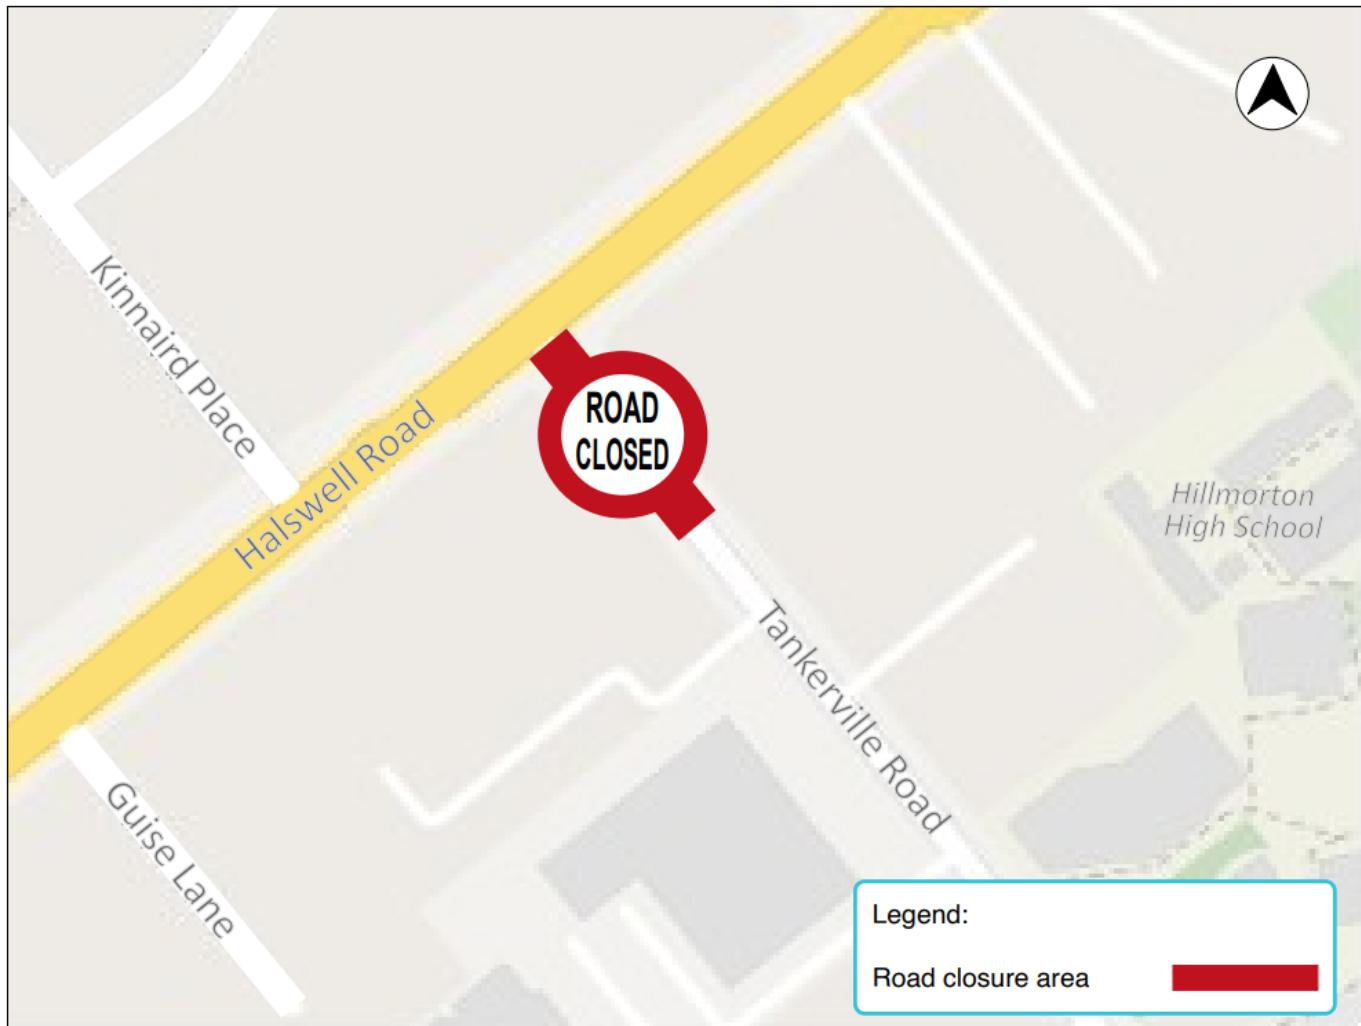

We're sorry for any disruption and thank you for your patience.

CAN WE HELP?

Please contact Fulton Hogan on 0800 ROAD FH (0800 7623 34) Monday to Friday, 8am - 5pm, or email cant.info@fultonhogan.com to discuss any specific access needs such as nurse/doctor visits or Meals on Wheels deliveries to your property. Contact us at anytime if the matter is urgent.

Traffic management layout

This notice outlines the next phase of construction on Tankerville Road. We'll need to return at the end of the project to complete some finishing works such as final surfacing and linemarking. We'll update you, closer to the time, with what this will mean regarding traffic management in this area.
