## NOTES

1. STATE HIGHWAY - State Highway 1 is suffixed N and S for North and South Islands respectively.
2. DISTANCE - The approximate distance of the count in kilometres from the start of the highway.
3. AADT - Annual Average Daily Traffic Volume (estimated).
4. Some counts have a character following the volume column. These counts are of a greater accuracy because they are counted at a higher frequency.

T - Telemetry sites counted continuously.

W - Telemetry weigh in motion sites.

S - Control sites counted continuously.

C - Control sites counted one week per month.

5. Most of the telemetry (T) sites are able to distinguish between long and short vehicles, so we are able to approximate the percentage of Heavy Commercial Vehicles at those locations. The number following the T denotes the approximate % HCV's.
